WHY BECOME A SPARK LAB?

- Be a part of a network of nearly 100 schools!
- Increase opportunities to study German!
- Summer learning opportunities!
- Stipends to participate in professional development, including access to specialized German courses and pedagogy courses, Deutsch Lehren Lernen!
- Access to an extensive curriculum!

OUR GOAL

SPARK's long-term goal is to increase demand and build capacity to integrate German into the regular curriculum in immersion, elementary, middle, and high school programs and to recruit and mentor the next generation of German language educators.

WHAT IS SPARK?

SPARK for German provides professional development for future German instructors and enables students across the United States to start learning German at an early age. SPARK offers a playful approach to German lessons in after school programs—providing early access to language instruction and creating opportunities for students to learn German into advanced levels.
